Safety Data Sheet

SECTION 1: Product and company identification : Crystal Clear Eyewear Cleaning Towelettes Product name Use of the substance/mixture : Premoistened wipe SDS Number: 600 Product code : 3534 PROVISION CRYSTAL CLE Palmero Healthcare LLC Company : 120 Goodwin Place Stratford, CT 06615-6713 - USA T (800) 344-6424 Chem-Tel (800) 344-6424 Emergency number : Poison Control Center (800) 222-1222 **SECTION 2: Hazards identification**

2.1. Classification of the substance or mixture

GHS-US classification

Not classified

2.2. Label elements

GHS-US labeling

No labeling applicable

2.3. Other hazards

No additional information available

2.4. Unknown acute toxicity (GHS US)

Not applicable

SECTION 3: Composition/Information on ingredients

3.1. Substances

Not applicable

Full text of H-phrases: see section 16

3.2. Mixtures

Name	Product identifier	%	GHS-US classification
2-propanol	(CAS-No.) 67-63-0	1 - 5	Flam. Liq. 2, H225 Eye Irrit. 2A, H319 STOT SE 3, H336

A specific chemical identity and/or percentage of composition has been withheld as a trade secret. Any concentration shown as a range is to protect confidentiality or is due to batch variation.

SECTION 4: First aid measures		
4.1. Description of first aid measures		
First-aid measures general	: If you feel unwell, seek medical advice (show the label where possible).	
First-aid measures after inhalation	: Remove the victim into fresh air.	
First-aid measures after skin contact	: Rinse skin with water/shower.	
First-aid measures after eye contact	: Rinse immediately with plenty of water. Remove contact lenses, if present and easy to do. Continue rinsing.	
First-aid measures after ingestion	: Rinse mouth with water. Do not induce vomiting.	
4.2. Most important symptoms and ef	fects, both acute and delayed	
Symptoms/effects	: Not expected to present a significant hazard under anticipated conditions of normal use.	
Symptoms/effects after inhalation	: None under normal use.	
Symptoms/effects after skin contact	: Contact during a long period may cause slight irritation.	
Symptoms/effects after eye contact	: Direct contact with the eyes is likely to be irritating.	
Symptoms/effects after ingestion	: Gastrointestinal complaints.	

4.3. Indication of any immediate medical attention and special treatment needed

Treat symptomatically.

SECTION 5: Firefighting measures

5.1. Extinguishing media

Suitable extinguishing media

: All extinguishing media allowed.

Safety Data Sheet

Reactivity Upon combustion: CO and CO2 are formed. 5.3. Advice for firefighters Exercise caution when fighting any chemical fire. Use water spray or fog for cooling exposed containers. Take account of environmentally hazardous firefighting water. Protection during firefighting :: Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures : Isolate from fire, possible, without unnecessary risk. 6.1. Personal precautions, protective equipment and emergency procedures : Evacuate transcessary resonnel. Protective equipment : Protective goggles. Gloves. Protective clothing. Emergency procedures : Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. 6.1.2. For emergency proporter : Stop leak if aste to do so. Stop release. Ventilate area. 6.2. Environmental precautions : Contain released public waters. 6.3. Methods and material for containment and cleaning up For containment For containment : Contain released product, pump into suitable containers. No additional information available : Comply with the legal requirements. Do not handle until al safety precautions have been read and understood. Use personal protective equipment are equipment and cleaning up 7.1. Precautions for safe handling : Comply with the legal requirements. Do not handle until al safety precautions have be	5.2. Special hazards arising	g from the substance or mixture	
Firefighting instructions : Exercise caulion when fighting any chemical fire. Use water sproy ro fog for cooling exposed containers. Take account of environmentally hazardous firefighting water. Protection during firefighting : D on ot enter fire area without proper protective equipment, including respiratory protection. SECTION 6: Accidental release measures	•	-	CO2 are formed.
Containers. Take account of environmentally hazardous fineflyting water. Protection during fineflyting : Do not enter fire area without proper protective equipment, including respiratory protection. SECTION 5: Accidental release measures : Isolate from fire, if possible, without unnecessary risk. 61. Personal precautions, protective equipment and emergency procedures : Isolate from fire, if possible, without unnecessary risk. 61. Personal precautions protective equipment and emergency procedures : Isolate from fire, if possible, without unnecessary risk. 61. Personal precautions : Evacuate unnecessary personnel. Avoid contact with skin, eyes and clothing. Ventilate spillage area. 61. Personal procedures : E Equip cleanup crew with proper protection. Emergency procedures : E Stop leak if sale to do so. Stop release. Ventilate area. 62. Environmental precautions : Contain released product, pump into suitable containers. 63. Methods and material or containment and cleaning up : This material and its container must be disposed of in a sale way, and as per local legislation. 64. Reference to other sections : Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Precautions for safe handling : Comply with applicable regularements. 71. Precautions for safe handling and sto	5.3. Advice for firefighters		
SECTION 6: Accidental release measures Section 8: Accidental release measures Contain release measures Contain release measures Contain release measures Comply with full and its containers. Section 8: Accidental release measures Comply with and its containers. Section 8: Accidental release measures Comp	Firefighting instructions		
6.1. Personal precautions, protective equipment and emergency procedures General measures : Isolate from fire, if possible, without unnecessary risk. 6.1.1. For non-emergency personnel Protective equipment Protective equipment : Protective equipment Avoid contact with skin, eyes and clothing. Ventilate spillage area. 6.1.2. For emergency responders : Equip cleanup crew with proper protection. Emergency procedures : Stop leak if safe to do so. Stop release. Ventilate area. 6.2. Environmental precautions : Stop leak if safe to do so. Stop release. Ventilate area. 6.3. Methods and material for containment and cleaning up : Containment and cleaning up For containment and cleaning up : Contain release to product, pump into suitable containers. 8.1. Precautions for safe handling : Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Hygiene measures : Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product. Hygiene measures : Comply with the legal requirements. So not handle until all safety precautions have been read and understood. Use personal protective equipment as required. Do not eat, drink or smoke when using this product.	Protection during firefighting	: Do not enter fire area v	vithout proper protective equipment, including respiratory protection.
General measures : Isolate from fire, if possible, without unnecessary risk. 6.1.1. For one-meregency personnel Protective goggles. Gloves. Protective clothing. Emergency procedures : Protective goggles. Gloves. Protective clothing. Emergency procedures : Equip cleanup crew with proper protection. Emergency procedures : Stop leak if safe to do so. Stop release. Ventilate area. 6.2. Environmental precautions : Stop leak if safe to do so. Stop release. Ventilate area. 6.3. Methods and material for containment and cleaning up : Contain release to the environment. Prevent entry to severs and public waters. 6.3. Methods for cleaning up : This material and its container must be disposed of in a safe way, and as per local legislation. 6.4. Reference to other sections Nova calibulari information available SECTION 7: Handling and storage : Comply with the legal requirements. Do not handle until all safety precautions have been read and understood. Use personal protective equipment arequired. Do not eat, dink or smoke when using this product. Hygiene measures : Comply with applicable regulations. Storage conditions : Keep container cloaded when not in use. Incompatible products : Oxidizing agent. Incompatible products : Oxidizing agent. Incompatible products <td: agent.<="" oxidizing="" td=""></td:>	SECTION 6: Accidental	release measures

400 ppm

Safety Data Sheet

Personal protective equipment

: Use appropriate personal protective equipment when risk assessment indicates this is necessary.

SECTION 9: Physical and chemical properties

9.1. Information on basic physical and chemical properties				
Physical state	: Solid			
Appearance	: Premoistened wipe.			
Odor	: Mild odor			
Odor threshold	: No data available			
рН	: 9 - 10 - Tested using the liquid component of the towelette			
Melting point	: No data available			
Freezing point	: No data available			
Boiling point	: No data available			
Flash point	: 132 °F Closed cup - Tested using the liquid component of the towelette			
Relative evaporation rate (butyl acetate=1)	: No data available			
Flammability (solid, gas)	: No data available			
Explosion limits	: No data available			
Explosive properties	: No data available			
Oxidizing properties	: No data available			
Vapor pressure	: No data available			
Relative density	: No data available			
Relative vapor density at 20 °C	: No data available			
Solubility	: Liquid component is soluble in water.			
Log Pow	: No data available			
Log Kow	: No data available			
Auto-ignition temperature	: No data available			
Decomposition temperature	: No data available			
Viscosity	: No data available			
Viscosity, kinematic	: No data available			
Viscosity, dynamic	: No data available			
VOC content	: < 3 % - Tested using the liquid component of the towelette			

SECTION 10: Stability and reactivity

10.1. Reactivity
Upon combustion: CO and CO2 are formed.
10.2. Chemical stability
No additional information available
10.3. Possibility of hazardous reactions
Refer to section 10.1 on Reactivity.
10.4. Conditions to avoid
No additional information available
10.5. Incompatible materials
No additional information available
10.6. Hazardous decomposition products
Under normal conditions of storage and use, hazardous decomposition products should not be produced.

SECTION 11: Toxicological information

11.1. Information on toxicological effects

Acute toxicity	: Not classified
2-propanol (67-63-0)	
LD50 oral rat	5840 mg/kg body weight (Equivalent or similar to OECD 401, Rat, Experimental value)
LD50 dermal rabbit	16400 ml/kg (Equivalent or similar to OECD 402, 24 h, Rabbit, Experimental value)
LC50 inhalation rat (ppm)	> 10000 ppm (Equivalent or similar to OECD 403, 6 h, Rat, Male/female, Experimental value)

Safety Data Sheet

2-propanol (67-63-0)		
ATE CLP (oral)		5840 mg/kg body weight
Skin corrosion/irritation	:	Not classified
		pH: 9 - 10 - Tested using the liquid component of the towelette
Serious eye damage/irritation	:	Not classified
		pH: 9 - 10 - Tested using the liquid component of the towelette
Respiratory or skin sensitization	:	Not classified
Germ cell mutagenicity	:	Not classified
Carcinogenicity	:	Not classified
Reproductive toxicity	:	Not classified
Specific target organ toxicity - single exposure	: :	Not classified
Specific target organ toxicity – repeated exposure		Not classified
Aspiration hazard		: Not classified
Symptoms/effects after inhalation		: None under normal use.
Symptoms/effects after skin contact		: Contact during a long period may cause slight irritation.
Symptoms/effects after eye contact		: Direct contact with the eyes is likely to be irritating.
Symptoms/effects after ingestion		: Gastrointestinal complaints.
Likely routes of exposure		: Skin and eye contact

12.1. Toxicity	
2-propanol (67-63-0)	
LC50 fish 1	9640 - 10000 mg/l (Equivalent or similar to OECD 203, 96 h, Pimephales promelas, Flow- through system, Fresh water, Experimental value)
12.2. Persistence and degradability	
2-propanol (67-63-0)	
Persistence and degradability	Biodegradable in the soil. Biodegradable in the soil under anaerobic conditions. Readily biodegradable in water.
Biochemical oxygen demand (BOD)	1.19 g O₂/g substance
Chemical oxygen demand (COD)	2.23 g O₂/g substance
ThOD	2.4 g O ₂ /g substance
12.3. Bioaccumulative potential	
2-propanol (67-63-0)	
Log Pow	0.05 (Weight of evidence approach, 25 °C)

Log Pow	0.05 (Weight of evidence approach, 25 °C)
Bioaccumulative potential	Low potential for bioaccumulation (Log Kow < 4).

SECTION 13: Disposal considerations 13.1. Waste treatment methods

Waste treatment methods	: Do not flush wipes.
Product/Packaging disposal recommendations	: Dispose in a safe manner in accordance with local/national regulations.

SECTION 14: Transport information

Department of Transportation (DOT)

In accordance with DOT : Not regulated for transport

Additional information

Other information	: No supplementary information available.	
ADR		

No additional information available

Transport by sea

No additional information available

Safety Data Sheet

Air transport

No additional information available

SECTION 15: Regulatory information

All components of this product are listed, or excluded from listing, on the United States Environmental Protection Agency Toxic Substances Control Act (TSCA) inventory

Chemical(s) subject to the reporting requirements of Section 313 or Title III of the Superfund Amendments and Reauthorization Act (SARA) of 1986 and 40 CFR Part 372.

2-propanol	CAS-No. 67-63-0	1 - 5%		
2-propanol (67-63-0)				
Subject to reporting requirements of United States SARA Section 313				

California Proposition 65 - This product does not contain substances known to the state of California to cause cancer and/or reproductive toxicity

SECTION 16: Other information

Training advice : Normal use of this product shall imply use in accordance with the instructions on the packaging.

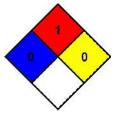

Full text of H-phrases:

H22		Highly flammable liquid and vapour
H31	9	Causes serious eye irritation
H33	6	May cause drowsiness or dizziness

NFPA health hazard : 0 - Materials that, under emergency conditions, would offer no hazard beyond that of ordinary combustible materials.

NFPA fire hazard : 1 - Materials that must be preheated before ignition can occur.

NFPA reactivity : 0 - Material that in themselves are normally stable, even under fire conditions.
